# AUTOMATIC BACK POCKET SETTER WITH COLD CREASER

## VM01

FLEXIBILITY

EFFICIENCY

QUALITY

The VM01 is a state-of-the-art pocket attaching unit developed with Italian technology. Featuring an innovative cold creasing system, it efficiently attaches back pockets on jeans and work trousers without the need for pre-ironing. With adjustable speed and the ability to handle various pocket designs, the VM01 is a versatile addition to any production line. Moreover, its wide working area and the ability to raise the sewing mechanism for more room make it stand out from standard pattern machines. Additionally, the unit's easy changeability of jigs and its cost-effectiveness provide enhanced flexibility.

### ▷ DUAL INDEPENDENT MOTOR CONTROL

The VM01 features two separate motors controlling the needle bar and crochet, providing greater sewing flexibility and precision for higher quality results

### ▷▷ WIDE WORKING AREA

The VM01 offers a wider working area, allowing for more flexibility when sewing pockets not only on trousers, but also on other types of clothing. With the ability to raise the sewing mechanism, this unit provides additional room for maneuvering and sewing, making it stand out from standard pattern

## TECHNICAL SPECIFICATIONS

Max Sewing Speed: 3500 rpm

Sewing Area: 300 X 250 mm

Sewing Machine Motor: Ac Servomotor

Power Consumption: 0.8 Kw/h

Power Supply Voltage: 380 V + N

Pneumatic Supply: 7 Bar

Air Consumption: 3L/cycle

## DATA

---

- ✓ Application: light, medium, heavy, stretch Denim fabric

## FEATURES

---

- › Patented sewing head for attaching pockets without pre-ironing
- › Adjustable speed for use in both large and small productions
- › Laser technology to aid accurate placement and alignment of fabric
- › Vacuum system and blades for folding fabric in preparation for stitching
- › Computer-controlled, allowing for easy changes to the program containing all shapes and pocket data
- › Remote assistance from Italy via Wi-Fi in case of technical issues
- › Cost-effective, easy and fast to change jigs for added flexibility
- ✓ Includes a PC with Vibemac software for added convenience and control

## OPTIONAL

---

- Looseness kit for allowance of the quarter panel
- Reinforcement under the quarter panel to strengthen the bartack of the pockets

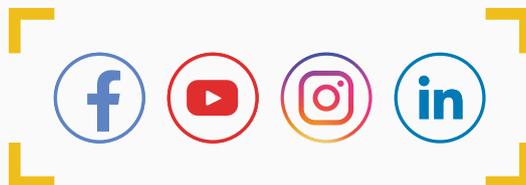

many kind of pockets
